

## Durable Job Site Tags for Clear Communication on the Job

Vulcan's custom HDPE job site tags provide a reliable way to display important messages in the field. Each tag comes with a sturdy nylon zip tie, allowing for quick attachment to equipment, vehicles, or structures. Available in a convenient 4" x 6" size, these tags are sold in packs of 50, making them an ideal solution for job sites requiring clear, visible communication.

Key Features:

- **Packaged with Zip Ties** – Each bag includes 50 tags and black nylon zip ties for easy application.
- **Custom Printing** – Print your custom message on both sides for maximum visibility.
- **Optional Plastic Grommets** – For added durability, plastic grommets are available.

## Ideal for Job Site Safety and Security

In cases of trespassing or unauthorized access, these tags can be attached to equipment door handles, steering wheels, hydraulic controls, or trailer hitches to alert operators to STOP and contact the site supervisor. Keep a supply on every work truck to ensure quick access to these essential job site tools.
